

Emergency Planning: Pets

Include your pets in your Emergency Plan

Be Prepared:

Emergencies can happen that can affect you and your pets, the best way to handle an emergency is to plan ahead.

From a fire in your home to severe weather plan and practice your "home escape plan" with your pets

london.ca

Keep collars on, and leashes where they can be easily found.

Keep cat carriers where you can access them quickly.

Ensure you have pet food, and water for your pet in your emergency preparedness kit. Include medication or the name of medication needed for your pets.

Know where your pets hide during thunderstorms, so you can find them quickly.
